REF: 13-ARC-F-00733

Dear Mr. Morisy:

This is in response to your Freedom of Information Act (FOIA) request for release of information from the files of the National Aeronautics and Space Administration (NASA). While processing your request NASA Headquarters located documents that originated from NASA Ames Research Center.

As a result, your request is being reviewed by NASA Ames Research Center. Your request will be processed in chronological order based upon the date it was received and perfected at Ames (June 26, 2013). The case number associated to your request is 13-ARC-F-00733 and was for:

"A copy of all responses sent to Congressional committees between Jan. 1, 2008 and the date that this request is processed. These communications are stored together and should be easily accessible."

We are placing you in the "news media" requester category. As a "news media" requester, you are responsible for duplication only, after the first 100 pages.

Since we must examine a voluminous amount of documents, in accordance with 14 CFR § 1206.101 (f)(2), we are availing ourselves of the 10 working day extension of response time (NASA FOIA regulations 14 CFR § 1206.608).

Questions regarding this action should be in writing to Sahar.N.Leaupepe@nasa.gov. Please let me know if you have any questions and thank you for your patience.

Cordially,

Sahar Leaupepe
